

SECTION 09110
METAL STUD SYSTEM

PART 1 – GENERAL

1.1 DESCRIPTION

- A. Work included: Provide metal studs and accessories as indicated on the Drawings, as specified herein, and as needed for a complete and proper installation.
1. Fire rated wall.
 2. Interior walls as required.

PART 2 – EXECUTION

2.1 INSTALLATION

- A. Accurately layout partition and wall lines from the dimensions shown on the Drawings.
- B. Install metal studs and accessories in strict accordance with the manufacturer's recommendations as approved by the Owner, anchoring all components firmly into position.
- C. Coordination:
1. Space the studs as required for compliance with pertinent regulations, to give proper support for the covering material, and as indicated on the Drawings.
 2. Coordinate and provide required backing and other support for items to be mounted on the finished covering.
 3. Coordinate requirements for pipes and other items designed to be housed within the partition and wall systems.
